

**RECALL OF PRODUCTS CONTAINING PLAINVIEW MILK
PRODUCTS COOPERATIVE INGREDIENTS**

This is to inform you of a voluntary product recall involving products manufactured with ingredients recalled by Plainview Milk Products Cooperative (Plainview). Your prompt attention to this matter is greatly appreciated and necessary to prevent potential consumer harm.

This recall has been initiated due to potential *Salmonella* contamination of Plainview Products. Although, all product sampling conducted by the Food and Drug Administration, the Minnesota Department of Agriculture, and Plainview of the Plainview products impacted by this recall have produced negative results for Salmonella, Salmonella was found to be present in Plainview’s manufacturing facility. No illnesses have been reported to date in connection with these products. A copy of Plainview’s Recall Notice is attached to this letter for your review.

As part of Myogenix’s standard operating procedure, every batch of Myolean Evolution, including the lot numbers below, is tested for Salmonella before it is sold. See attached laboratory assays. None of those samples tested positive for the presence of Salmonella. Myogenix, Inc. has not received any reports of illness related to these products. Nevertheless, because consumer safety is Myogenix’s top priority, Myogenix is voluntarily recalling the below listed products.

The products subject to the recall are listed below by Lot Number. These Lot Numbers are the only ones subject to this recall. The Lot Number is listed on the lid of all Myogenix Evolution protein jugs.

Product	Lot #
Myogenix Inc: 2.38 lbs Jug Evolution Banana	09041

Myogenix Inc: 2.38 lbs Jug Evolution Vanilla	09135
Myogenix Inc: 2.38 lbs Jug Evolution Peanut Butter	09133
Myogenix Inc: 2.38 lbs Jug Evolution Banana	09164
Myogenix Inc: 2.38 lbs Jug Evolution Strawberry	09165

Salmonella is an organism which can cause serious and sometimes fatal infections in young children, frail or elderly people, and others with weakened immune systems. Healthy persons infected with *Salmonella* often experience fever, diarrhea (which may be bloody), nausea, vomiting and abdominal pain. In rare circumstances, infection with *Salmonella* can result in the organism getting into the blood stream and producing more severe illnesses such as arterial infections (*i.e.*, infected aneurysma), endocarditis and arthritis.

Please immediately examine your inventory and quarantine products subject to this recall. In addition, if these products have been distributed to any of your customers, if possible please identify and notify them at once of this product recall instructing them to return the product to you. This recall must be carried out to the consumer level.

Please hold any product subject to this recall. Once all products have been retrieved, please contact us. We will arrange to have the product shipped to our facility. Please do not destroy the product. We will credit your account for product returned.

Again, your prompt attention to this matter is greatly appreciated and necessary to prevent potential consumer harm. If you have any questions, please contact me at 800-950-0348 Ext. 101. As always, your support is very much appreciated.

Sincerely,

Mark Newman
Myogenix, Inc.
